01

Mann-it is a technology communications company that was established in 2003.

We are based in Johannesburg, with branches in Bloemfontien, Vaal and partnerships in Cape Town.

We focus on Internet and network services.

Our goal is to use communications technology services and products to make things better for our customers, staff and suppliers.

Mann-it is Level 4 BBBEE.

02

Mann-it has a country wide network using fibre, microwave, LTE and satellite.

Lorem ipsum

Mann-it has long-term supplier relationships with

Dark Fibre Africa, Openserve, Xneelo(Hetzner), Metro fibre and VOX.

These relationships enable MANNIT to complete, support and maintain our customers' solutions country- wide as well as provisioning our own fibre and wireless networks.

03

Mann-it has an established base of solid enterprise corporate, retail and home internet market customers.

We are **certified specialist partners for Sophos Cyber security products** and a **certified Cambium wireless solutions partner**.

We provide **Linux server support, server colocation and complete end-to-end managed IT services** countrywide.

04

Mann-it provides internet and network and data security services to well-known companies such as **Toyota South Africa, Trollope Mining, Epic Foods, Ayo-holdings, Ledwaba Mazwai Attorneys, FPM Group of Companies,** and multinational companies such as **Electronica Santerno S.p.A. and Compusoft group International.**

05

John Griffiths (IT Project Trollope mining)

“Mann-it is our complete internet and fibre solution provider and support. We recommend them.”

Ben Jordaan (Compusoft group South Africa)

“Mann-it has reliably provided us with voice and internet data services for many years and we only recommend Mannit should anyone ask.”

Conny Dipholo (Practice Manager, Lewaba Mazwai Attorneys)

“Mann-it Has been our complete IT support since 2007 and has been a pleasure to work with. We consider them part of our team.”

Mohammed Jooma (General manager, Epic foods)

“Mann-it has been a longstanding provider of internet, email and firewalling services to our business. Their service has been excellent, and we highly recommend them as a service provider to corporates and industry.”

Luigi Guerra (Country Manager, Sub-Saharan Africa Enertronica)

“Mann-it has been our complete internet and IT solutions provider and support as well as interfacing with our European offices. We recommend them.”
